

## Clax<sup>®</sup> Magic Protein

Spot remover - protein stains: blood, food and grass

70B2

### Description

Clax Magic Protein is a highly concentrated enzymatic stain remover with excellent properties to remove blood, food, grass and other stains containing protein. The product is specially formulated for use in commercial and on premise laundries, and is ready to use on most types of fabric.

### Key properties

Clax Magic Protein is a highly concentrated surfactant/enzymatic stain remover. It contains a mix of effective surfactants and enzymes. The surfactants deliver excellent fat removal while the enzymes and nonionics effectively remove protein stains. The product is part of the Clax Magic stain remover range which consists of 4 innovative stain-fighting solutions.

### Benefits

- Effectively removes fatty stains and protein stains
- Extends linen lifetime by eliminating the need for rewash
- Highly concentrated to limit the impact on the environment
- Ready, easy and safe to use

### Use instructions

The best effect can be reached if the stain remover is directly applied to the stain prior to washing. Allow the chemical to work for 5 – 10 minutes, but never for longer than 15 minutes. If necessary use a brush to help removing the stain. Wash the textile in the normal washing process.

### Technical data

Appearance:	Clear liquid, colorless
pH neat:	9.0
Relative density:	1.04

### Safe handling and storage information

This product is formulated for professional use only. Store in original closed container, away from extremes of temperature. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.
