

TASKI Actival

Vegetable oil & fat remover

Description

Heavy-duty, highly alkaline floor cleaner for removal of animal or vegetable oil and fat. Ideal for restaurants, kitchens, food industry, etc...

Key properties

High alkalinity and good emulsifying power
Without perfume and fragrance
Low foaming, fast acting
Versatile application
Environmental responsible for waste water disposal

Benefits

Quick and thorough removal of animal/vegetable fat and oil, old oil build-up and large amounts of fat/oil
Absence of dye and perfume makes it compatible with a food environment
Ideal for use in scrubber-driers: low foaming for fast solution pick-up and optimal recovery tank use
Also suitable for wet mopping and single disc systems
Suitable to be disposed through oil separators

Use instructions

Dosage:

Minimum dosage: 100ml for 10l solution (1% / 1:100). Increase concentration up to 5% and allow to act for heavy soiling.

Scrubber driers: Use 100ml to 200ml for 10l solution (1-2%)

Application:

Manual:

Dose the product into a bucket filled with water and apply the solution. Allow to act and scrub, then remove the soiled solution.

Machine:

Dose the product into the full water tank of a single disc machine or a scrubber drier and apply the solution. Allow to act briefly and scrub, then remove the soiled solution.

Use the indirect method for heavy soil: Scrub the floor without wet vacuuming, allow the solution to act 5-10 minutes, then scrub a second time and directly wet vacuum the soiled solution.

Important:

Do not use the solution on alkali-sensitive floors. Do not use on aluminium surfaces.

TASKI Actival

Technical data

Appearance:	clear, colourless liquid
Relative density [20°C]:	1.05
pH-value neat:	13.0 – 13.5
pH-value in use:	11.9 +/- 0.5 at 1% dilution

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Safe Handling:

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet. Only for professional users / specialists.

Storage Information:

Store in original closed containers away from extremes of temperature.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirements of EC Directives 73 / 404 / EEC and 73 / 405 / EEC and their subsequent amendments.
