

Taski Jontec Stripper

Non-ammonia based liquid strip for sealers and polish

Description

Taski Jontec Stripper is a unique non-ammonia based liquid formula to strip sealers and polish.

Taski Jontec Stripper is effective and safe to use on all surfaces, but not recommended for unsealed wooden or cork floors.

Features

- ◆ Concentrated
- ◆ Non-ammoniated
- ◆ Effective
- ◆ Versatile

Benefits

- ◆ Economical in use.
- ◆ Can be used safely in confined areas.
- ◆ Quickly and effectively penetrates and breaks up the heaviest build-up.
- ◆ Can be used with machine or by hand. Leaves a perfect surface for re-application of water based sealers and polishes.

Instructions for use

1. Sweep or vacuum loose dust and dirt.
2. For light stripping – dilute 1:16 in hot water.
3. For heavy duty stripping – Dilute 1:8 in hot water.
4. Apply solution to the floor – do small sections at a time.
5. Leave solution on floor for at least 5 minutes. Do not allow to dry.
6. After sufficient contact time, scrub with brush or machine using a black scrubbing pad.
7. Rinse THOROUGHLY twice with clean water to ensure that all sealer, polish and stripper residue is removed.

Taski Jontec Stripper

The floor is then ready for recoating.

For beautiful floors, the following JohnsonDiversey products are recommended:

<i>Taski Jontec Encore:</i>	<i>Fully buffable wax emulsion recommended for wooden and cork floors.</i>
<i>Taski Jontec Protect:</i>	<i>Economical Dry Bright Metallized floor emulsion.</i>
<i>Taski Jontec Protect Plus:</i>	<i>High Solids Dry Bright Metallized floor emulsion.</i>
